DAY 2

09:15 Ophthalmology (oculoplastic, orbit)

09:35 ***Sculpting session***

Orbital and periorbital anatomy
Facial sensory nerves
Eyelid structures
Buccinator

11:00 Cosmetics

11:20 ***Sculpting session***

Temporal region
Masseter
Facial fat compartments
Facial arterial supply

12:45 Lunch

13:30 Parotis

13:50 ***Sculpting session***

Parotid gland and duct
Facial nerve divisions
Temporal fascia
Superficial temporal vessels

14:50 Reconstructions facial nerve

15:05 ***Sculpting session***

SMAS
Facial nerve branches
Muscles of facial expression

16:25 Nose

16:45 ***Sculpting session***

Nasal septum
Nasal cartilages
External auricular cartilage

18:00 End day 2
